

SLUCare Lab Coats

- Laboratory coats will have the embroidered SLUCare Physician Group logo on the right upper side.
- Provider name and areas of specialty embroidered on the upper left side.
- There is designated room on the left upper pocket of the coat for the academic patch if applicable. Academic departments must provide their own patches to the lab coat vendor.

- If using a lab coat vendor that does not have the current SLUCare logo on file please have them contact SLUCare Marketing, tony.stubblefield@health.slu.edu, for the digitized logo along with approved thread color information.
